

ABOUT US

Paul Staniforth & Claire Keaty have been professionally involved with circus arts for over twenty years. Since setting up Wobbly Circus in 2007 they have worked in numerous primary and secondary schools and have performed at many of Ireland's biggest festivals.

In 2016 & 2017 Wobbly Circus was funded by

Waterford Arts Office to run circus workshops in several Secondary Schools in County Waterford.

We have full public liability and employer's liability insurance. We are Garda vetted and operate a child protection policy under the national guidelines.

Please contact us if you would like to have a chat about setting up a workshop for your school.

More information about us can be found on our website

PLATE SPINNING HULA HOOP DEVILSTICK

POI SPINNING

Our circus classes last for one hour per group and we can run a number of these classes per day. The workshop begins with a show/demonstration of different circus skills.

The children will then be encouraged to try out the skills themselves.

WOBBLY CIRCUS
PRODUCTIONS

Learning circus skills is a fun, class activity offering many links to the National Curriculum.

Circus skills channel children's energy in positive and creative ways, increasing motivation and self-esteem. Learning circus skills ...

- ☞ Is great fun!
- ☞ Helps improve co ordination
- ☞ Helps develop patience and persistence
- ☞ Creates teamwork and communication
- ☞ Improves the abilities to focus and concentrate
